

Jason Marsh

Duluth, MN • jason@marsh.city • marsh.city/resume

SUMMARY

IT leader with 13+ years running user support, infrastructure, and vendor relationships — the last five in progressive leadership at a nonprofit, currently managing a team of four. Day-to-day toolkit is Microsoft 365, Entra ID, and Intune endpoint management. Has taken SaaS and integration projects from vendor selection through rollout and staff training, on budgets that have to earn their keep.

EXPERIENCE

Director of Technology — *Lighthouse Center for Vital Living, Duluth, MN*

May 2025 – Present

- Manage and mentor a team of four across IT and program divisions
- Manage vendor relationships, technology procurement, and capital planning
- Report to Executive Director; contribute to org-level strategic planning and budgeting
- Restructured a service line's billing and workflows, growing annual revenue from \$17K to over \$200K within a year

IT Manager & Accessibility Specialist — *Lighthouse Center for Vital Living*

Mar 2021 – May 2025

- Sole IT decision-maker for a ~20-staff organization — everything from day-to-day user support to servers, network, and security; audited and standardized processes org-wide
- Led cloud migration to Microsoft 365, cutting annual costs by \$15,000+
- Deployed and managed the endpoint fleet via Microsoft Intune and IBM MaaS360
- Established disaster recovery procedures and security protocols

Accessible Technology Specialist — *Lighthouse Center for Vital Living*

Oct 2020 – Mar 2021

- Client-facing technology evaluation, configuration, and training

Technical Administrator — *Westside Pet Clinic, Duluth, MN*

Nov 2012 – Nov 2020

- Sole IT administrator for 8 years: user support, hardware, networking, software, backups
- Led the paper-to-electronic-medical-records transition — vendor selection, data migration, and staff training
